XPert TXE EQUIPMENT ENCLOSURE (Labconco)

2ft, 24"W x 31"D x 57"H, w/Guardian Analog Airflow Monitor

DESCRIPTION: XPert TXE Equipment Enclosures are designed to address the needs of pharmaceutical research and quality control laboratories. It provides a safe, ventilated space for keeping powder-generating apparatus contained. Its tall 42" interior height accommodates equipment such as pill presses, grinders, crushers and sieves. HEPA-filtered air is returned to the laboratory. These vented equipment enclosures may be ducted to the outside or connected to the FilterMate Portable Exhauster for HEPA and/or carbon filtered exhaust back into the laboratory.

FEATURES:

-  Patented rear baffle with zones of perforations promotes horizontal laminar airflow. The baffle sections pivot down or may be removed for cleaning.
-  True bag-in/bag-out filter disposal system.
-  Two adjustable height doors of 1/4" (0.6 cm) thick tempered safety glass. Door hinges are reversible to accommodate right or left side placement. Magnets keep doors securely closed.
-  Interior height of 42" (107 cm) accommodates tall equipment such as pill presses, grinders, crushers and sieves.
-  Built-in impeller with speed control and vibration-isolation supports. Blower has 40% reserve capacity to overcome filter loading.
-  HEPA exhaust filter, 99.99% efficient, traps particles 0.3 micron in size so that clean air returns to the laboratory.
-  Static-dissipative and durable epoxy-coated metal exterior, stainless steel interior sides and integral work surface, and safety glass doors.
-  Pre-wired fluorescent lamp and separate switches for blower and light.

TECHNICAL SPECIFICATIONS:

- Weight: 250.0 lbs
- Weight metric: 113.0 kg
- Dimensions: 24.0" w x 31.0" d x 56.9" h
- Electrical: 115 volts, 60 Hz
- Airflow Monitor: Guardian
- Blower Requirements: Contains built-in blower and exhaust HEPA filter
- Conformance: ANSI Z9.5, CAN/CSA C22.2, ETL, Modified ASHRAE 110, SEFA 1, UL
- Electrical Standard: Domestic
- Lighting: Fluorescent lamp
- Type: Equipment Enclosure
- Width: 2'
- With Built-In HEPA Filtration: Yes

ADDITIONAL INFORMATION:

Warranty: 1 year
