

MAZ[®] Bottle Adapter, 60 mL Bottle

Description: A new addition to the MAZ Mixer Adapter line, the MAZ Bottle Adapter is designed to significantly streamline the preparation of compounded liquids. Compatible with 60mL Oval Plastic Bottle (Product No. 7294), this adapter allows you to mix suspensions and solutions in the MAZ directly within the bottle, reducing the number of preparatory steps, clean up time, and use of consumables. This adapter is compatible with the MAZ KK-300SS, the MAZ KK-400W, and the MAZ KK-1000W.

Additional Accessories:

- Product No. 6129 : MAZ KK-400W spacer for mixing adapters (required for the KK-400W and KK-1000W units)

Technical Specifications:

- Weight : 126g
- Composition : Plastic – Nylon
- Compatible with 60mL Oval Plastic Bottle (Product No. 7294)
