

Medisca MD[®] Ophthalmic Dropper Bottles

Introducing new medical device
to the MD product line

Streamline your preparation time and
reduce cross-contamination risk with the
**innovative and ergonomically designed
packaging** tray that uniquely defines the
MD Ophthalmic Dropper Bottles.

Patent Pending

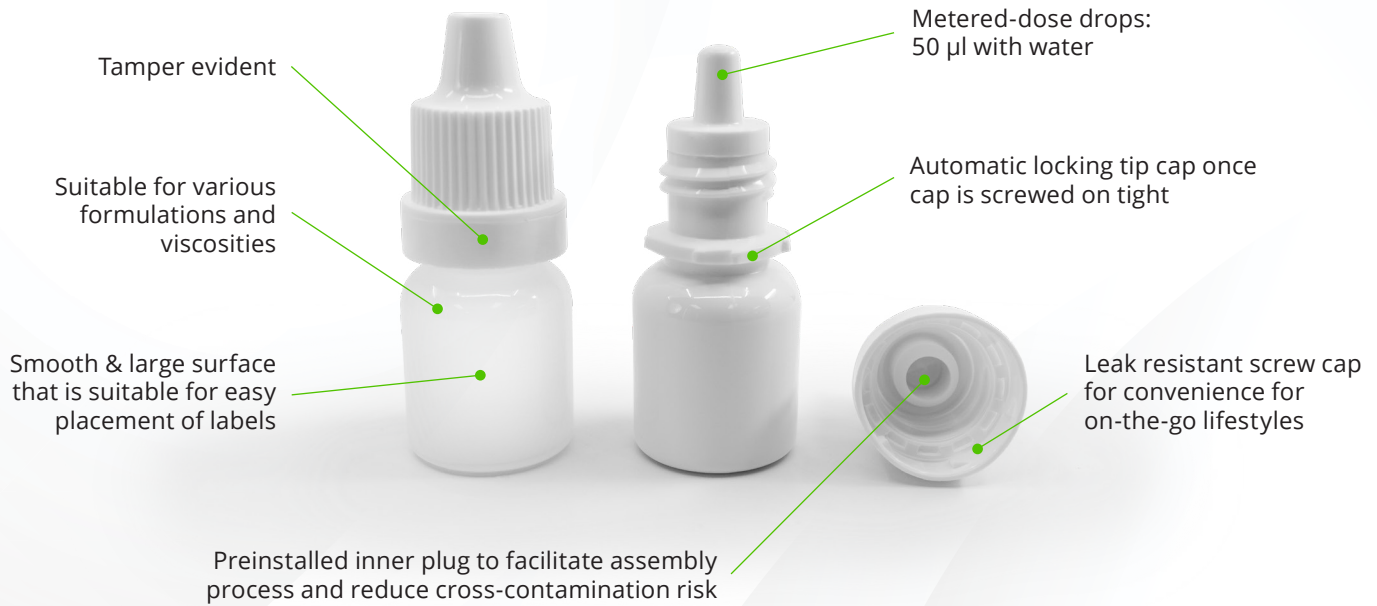

Packaging Tray Features

- Bottles are packaged in fixed grooves on a tray to facilitate the filling process and reduce cross-contamination risk (patent pending).
- Each tray comes with a single plastic bag with a tear notch that allows for easy opening and use in a sterile environment.
- Bottle tips are partially fixed in the cap eliminating the need to touch the sterile tip when securing it to the bottle.
- Available in 4 tray pack sizes:
2, 10, 20 & 50 / Tray
- EO Sterilized / EO Gas Chemical indicator
