

PRODUCT NO.: 5621

Scraper/Pry Tool, Medi X-TABB

Description: The Scraper/Pry Tool is designed to facilitate lifting and separating cavity plate from score plate used for the Medi X-TABB System. It is made of a durable, rigid, polymer.

FEATURES:

-  Light weight
-  Made from a rigid polymer
-  With a uniquely shaped edge on either side, it fits well between plates without excessive force and the handle design helps keeping the grips
-  Colors may vary
