MOISTURE BARRIER BAG (100 mm x 80 mm)

Flat w/Tear Notch, Film Foil

DESCRIPTION: This Moisture Barrier Bag provides an elegant and cost effective option for dispensing Effervescent powder formulations and other powder dosages. This bag is heat sealable and can be used for applications requiring superior tear and puncture resistance, as well as protection from light, air and moisture. The film foil material conforms to FDA Regulations CFR 21 § 177.1520 for direct food contact when used as supplied and in accordance with current good manufacturing practices (cGMP).

FEATURES:

-  Easy to seal with heat sealer or tube sealer
-  Superior tear and puncture resistance
-  Excellent barrier for light, air and moisture vapor
-  Material complies with FDA for use in food packaging in accordance with CFR 21 § 177.1520
-  Tear notch for clean and easy opening

TECHNICAL SPECIFICATIONS:

Inside Dimensions, L x W (mm)	100 x 80
Seam Width (mm)	9.52
Tear Notch	12.7 mm from opening
Material	Laminated OPP/PE/Foil/PE
