

Ohaus PR Series Balance, 820 x 0.01 g, NTEP

Description: This PR balance can be connected to point-of sale systems or printers via its standard RS-232 port, or via USB or Ethernet through an interface kit. Featuring an easy-to read, brightly lit display and a simple user interface, the PR is well-constructed for long-term use, and delivers competitive performance.

Features:

- Equipped with three essential weighing modes, RS-232 connectivity for data transfer and storage, external calibration making it ideal for routine weighing applications.
- Equipped with an easy-to-read, bright backlit display and a simple user interface.
- Easy to operate, with almost no training required.
- The PR's small footprint saves desktop space while providing a large weighing surface.
- The PR is durable constructed and features a stainless-steel pan to withstand day-to-day use in the workplace.
- NTEP certified and Measurement Canada approved
- Legal for Trade setting can be toggled off and on
