## **PARTIAL BATCH KIT**

Sizes 00–4, For ProFiller 3600 & 3700

**DESCRIPTION:** Fill fewer than 300 capsules per batch. The partial batch kit includes an Orienter Divider, Powder Tray Divider and Mini Powder Spreader. Order a 30-pin tamper separately for convenient tamping of smaller batches.

### **FEATURES:**

- ✔ New Orienter Divider and Filler Divider make the Partial Batch Kit easy to use. Takes seconds to install and remove.
- ✔ Eliminates need for tape, cardboard and other non-GMP methods for making less than a full batch.
- ✔ Works with both the ProFiller 3600 and 3700.
- ✔ Prepare batches from 40 to 260 capsules in increments of 20 capsules.
