

PRODUCT NO.: 7422

V-SHELL (Torpac)

750mL, Stainless Steel, For Torpac ProMixer V-Blender

DESCRIPTION: This product is required to operate the Torpac ProMixer V-Blender. The 750mL size V-Shell is perfect to blend powder for a batch of 300 capsules. Typical mixing time is approximately 5-10 minutes.

FEATURES:

- V-Shell is a proven design for uniform mixing with low shear stress. Made from Inox (Stainless Steel 316) for extra-smooth powder flow and high GMP.
- Each V-Shell Lid includes a blade/internal agitators to improve mixing and help break up lumps.
