PRODUCT NO.: 6100

Dispenser Accessories, RoboCAP, Bottle Capper

DESCRIPTION: The ACT-100 Table-Top Semi-Automatic Capper is suitable for twisting and torquing caps onto round bottles and tinctures. The chuck-head is interchangeable for different cap types, and the setup and operational procedures are simple and easy to learn. The compact design and adjustable height/torquing abilities make this machine useful across a wide variety of different industries and applications.

Note: For sale in Canada, CSA certification is required at an additional cost to the price of the unit; please inquire with your Account Executive.

FEATURES:

- ✔ Set capping time and interval on dial to various capping requirements
- ✔ Convenient to be carried and its compact design allow it to be used anywhere
- ✔ The structure is uniquely designed to be firm and stable to support its operation
- ✔ Capping head can be adjusted by hand wheel based on different height of product.
- ✔ Made of SUS 304 stainless steel and aluminum allow for easy maintenance and longevity.
