

PRODUCT NO.: 8983

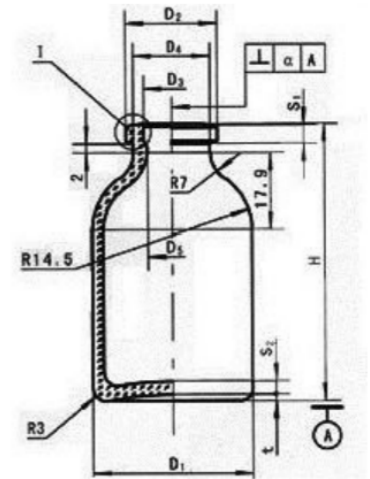

Serum Bottle, Clear Glass 30mL, 20mm (USP Type 1)

DESCRIPTION: This serum bottle is ideal for long and short-term sample storage, lyophilization and vaccine / injectable drug containers. By matching the tube neck size to the corresponding seal and stopper, a crimper can be used to seal the serum accordingly. These clear bottles are made of borosilicate glass conform to USP Type I requirements. Shrink-wrapped partitioned modules reduce breakage.
