MOP COVER, MINI ALPHAMOP (ISO Class 4-8)
Knitted Polyester, Autoclavable

DESCRIPTION: This mop cover allows for effective cleaning when used with the Mini AlphaMop. The mop covers are cleanroom laundered for use in critical environments and can be autoclaved for sterile and aseptic applications. Changing the mop covers is quick and easy as they are designed to slip on and off but remain secure in use.

FEATURES:

-  Fully autoclavable
-  Quick and easy change
-  100% knitted-polyester
-  Excellent durability
-  Clean room laundered
