

Applicator Accessories, Topi-Click Filling Station

Description: The topi-click filling station helps to make filling of Topi-Clicks as well as other devices easy and more efficient! It uses tuned leverage to help push any size EMP jar plungers. Simple operation provides efficient use of existing pharmacy materials to keep costs of system and materials lower.

Features:

- Most jar sizes can be quickly interchanged
- Optimizes the closed system; less batch transfers and minimal storage costs
- Works with right or left handed operators via switchable operating lever
- Balanced actuation arm for easy operation
- Made of durable stainless and powder coated steel for years of operation
- Easy to clean and wipe down
- Contrast background to help assure quality filling in see-through containers
- Stabilizer plate for use when filling adapter type dispensers with jars
- Includes NEW nozzle specific for filling Topi-CLICKS, Push Rod Adapter & 1 Topi-CLICK Sample Pack
