

Tuttnauer® T-Top 10 Autoclave, Class S

Description: The T-Top Autoclave delivers reliable, everyday sterilization for healthcare, pharmaceutical, and dental practices. Designed to meet the demands of busy clinics and production environments, it offers an efficient, affordable solution to keep your tools and equipment sterile. Compact, dependable, and built to support consistent sterilization — so you can focus on patient care and product safety.

Features:

- Plug and Play – No special installation required, only a power source
- Multicolor, intuitive touch screen with user-friendly icons
- Compact, ergonomic design – fits seamlessly into clinic or lab spaces
- Reliable Performance – Easy to operate, maintain, and use
- Internal memory stores up to 500 sterilization cycles
- Advanced technology designed for long-term reliability
- Traceability & Connectivity – Real-time data intelligence with advanced features:
 - 2 USB ports
 - Built-in Wi-Fi with T-Connect Software
 - Remove device monitoring and data downloads
 - Remote cycle history access, alerts, and notifications
 - Technicians can remotely diagnose, analyze, and resolve issues
 - Paperless documentation capabilities
 - Optional external printer
 - Support R.P.C.R test functionality
