

PRODUCT NO.: 6438

Automatic Crimping Tool, Battery-Powered w/Crimping Jaw (20 mm)

Description: This battery-powered crimper fits standard laboratory vials and seals with aluminum or two-part aluminum/steel caps. The control pad on the top of the unit adjusts the electronic cycle, which is accurate and reproducible. The ergonomic design of this tool helps to reduce strain and arm injury associated with many manual crimping tools.

Features:

- Powerful motor with a fast cycle
- Intuitive LCD screen makes adjusting the crimp easy
- Long lasting battery with Lithium Ion technology - up to 800 crimps per charge
- Advanced charging system including warning icon when recharging is necessary
- Can be operated while charging
