PRODUCT NO.: 6432

Automatic Crimping Tool, High Performance w/Crimping & Decapping Jaw, Flip Cap (20 mm)

DESCRIPTION: This high-performance equipment allows multiple crimping and decapping jaw sets, of different sizes, to be used on the same machine. The jaw sets fit standard lab vials and seals with aluminum or two-part aluminum/steel caps. This crimping tool has a new OLED display making changing jaws, adjusting settings and using the unit easier. The tools are ergonomically designed to reduce the strain and arm injury associated with many manual crimping tools.

FEATURES:

- ✔ RoHS compliant and CE certified
- ✔ Fastest and most powerful Wheaton Crimping tool
- ✔ Designed with external power source and cord (no battery)
- ✔ Stores up to 9 programs for different caps and seals
- ✔ Strong enough for all steel and magnetic caps
- ✔ Uses interchangeable jaw sets
