

PRODUCT DECLARATION

Product name: CHEW-A-TREAT COMPOUND A

Stock code: 2646

Starting material: Not applicable

BSE/TSE: The raw material used in the manufacture of CHEW-A-TREAT® COMPOUND A contains Gelatin Bloom 175, NF which is derived from skins of porcine animals. These sources are US based and inspected under the guidelines / surveillance set by the USDA and FDA. In addition, since the processing of this product involves high temperatures (greater than 100°C), the likelihood for the Bovine Spongiform Encephalopathy to be present/active, is not feasible/probable at all. Therefore, to the best of our knowledge this product is in compliance with the note for the guidance on minimizing the risk of transmitting animal spongiform encephalopathy agents via human and veterinary medicinal products.

GMO: Product does not contain any GMO material.

Allergen: Please note that there may be several steps before the raw material is produced and access to data on manufacturing raw materials is not easily obtained for the starting materials and intermediates used in the production process. The following items are not used in the manufacturing process of the product, and although manufacturer does not specifically assay for the presence of the items below, it is unlikely that any traces of these items are present in the starting materials or in the final product.
